

HOW DOES IT WORK?

1

Pair the headset with your smartphone and then perform a quick hearing assessment.

2

Your results are automatically applied to typical listening situations.

3

Reconnect to the sounds and voices you want to hear: family, friends, TV, sounds in nature...

BENEFITS

- Personalize and tune the device yourself; no need to rely on a hearing professional
- Speech, music, and important sounds are amplified
- Background noise is reduced
- Amplify speech on mobile calls and use EasyListen™ technology to slow it down, increasing comprehension
- Stay aware of important sounds during audio play while blocking noise with ListenThrough™
- Enjoy 12+ hours in live hearing mode before recharge
